

1306 Portland Avenue, Albany

MESSAGE FROM THE DAUGHTER

The 7 years I've lived at the Albany house have been the best years of my life. My friends that I made during those years are some of the greatest people in the world. This house is by far my favorite place I have lived in because of the memories and the fun times I've had in it. Every day after school my friends and I would come over and just hang out and it was the perfect spot. My house was a place where people felt comfortable and everyone wanted to go to have fun times. I hope that whoever lives here will have similar experiences because I know I wouldn't trade them for the world!
